Care Enough to Share

Care Enough to Share

Dear Neighbor:

Thank you for choosing us for dental care for you and your family. Our goal has always been to provide you with the highest quality dental care in the friendliest, most caring way possible.

We hope the care you received from our doctor and staff will inspire you to share us with your friends and family. Our practice continues to grow because of the referrals of caring patients like you. That's why we have established our Care Enough to Share program to thank you in a special way that allows both you and your friends and family to save money on dental care.

Please visit us online

Here's how the Care Enough to Share

program works:

1. Write your name and address on the \$100 referral certificate.
2. Give it to a friend, neighbor, coworker or family member who has never been to our practice.
3. This certificate will give them a \$100 discount on their first appointment!
4. When they redeem their certificate, we'll thank you with a \$100 Dental Care Certificate sent to you in the next day's mail.

There is no limit to the number of \$100 Dental Care Certificates you can use. Bring them in on your next visit and apply them toward routine dental work or cosmetic dentistry to brighten your smile—including the Zoom!® 1-hour teeth whitening treatment!

Every person that you refer receives this \$100 certificate to use on their next dental visit.

Care Enough to Share

When they redeem it, you will receive \$100 off your next visit, too!
